Doris Hohensee
15 Swart Terrace
Nashua, NH 03064-1966

Dear Ms. Hohensee:

As President of the Nashua Board of Education, I seek your resignation from the Board, effective immediately.

Nashua Board of Education members serve under the authority of the City Charter of the City of Nashua, New Hampshire and federal law. Your resignation is warranted because you have violated that authority. You have failed from fulfilling your responsibilities as an elected member of the Nashua Board of Education by perpetuating a dangerous situation for one of our students.

The Nashua Police Department is working with us to protect the student, whose name and contact information you shared publically this weekend without permission from the student's parents. Your actions resulted in our student being the victim of harassment.

I condemn your behavior in the strongest terms. This is unacceptable and disqualifying. I ask you to resign immediately from the Nashua Board of Education and issue an apology to the student and the student's parents.

Sincerely,

Heather Raymond
President
Nashua Board of Education
